

# Psychology of investor behaviour

## Behavioural Finance

### Seminar objective

The seminar participants will be familiarized with the psychological background to financial and investment behaviour. Feelings, moods and rumours play a decisive role in important financial investment decisions. Participants will gain an understanding the psychological factors at play and learn to adjust and optimise their investment behaviour accordingly.

### Seminar content

- What role does psychology play in investment behaviour?
- Why are feelings relevant?
- What role does one's own personality play in investment behaviour?
- 5 causal factors in long-term investment success
- Money management and psychology
- The psychological basics of information processing on site
- 'The trend is your friend'
- The importance of seasonal effects ('Crash month of October')
- What is the significance of mass psychology on investment behaviour?
- Deeper psychological basis underlying trends
- How should one react to a trend?
- How does the mass/crowd react in critical situations?
- The strategy of relative strength
- What is the significance of people's irrational behaviour on investment behaviour?
- What roles do suggestibility, seductiveness, hysteria, irrationality and anonymity play?
- Why is there a psychological theory behind chart theory?
- "Sell on good news"?
