

Agile Leadership

Working in agile teams

Seminar objective

Behaving in a agile manner as a leader gives you the chance to utilize the opportunities offered by New Work and digitization and tap into your organisation's full potential. Visionary thinking, openness and innovative strength are particularly important for bringing together teams from different generations and with diverse cultural backgrounds. Your company's competitiveness is reflected in its ability to adapt quickly to new situations - and, of course, in your leadership behavior. Become a leader who is unstoppable in their endeavors and sees any change as an opportunity for the team. Put yourself on the path to success through principles of agile leadership and go beyond your current limits.

Seminar content

Introduction to agile leadership:

- Your role as a leader - What does agile leadership mean?
- Agile leadership, agile leadership principles and agile mindset.
- Mirror your framework (VUCA) to your situation in the company
- Improve teamwork and performance

Comparison of essential instruments and working methods:

- Overview of agile working methods: Business Model Generation, Lean Startup, Scrum Method, Kanban Method, Design Thinking.
- Strengths of the "shared leadership" principle
- What is the VUCA world? What is "New Work"?
- Introduction of a culture of agile leadership
- Inner attitude as a key factor
- Motivation through clear goals: What is the OKR Cycle?

Transfer to practice: pack agile toolbox for everyday work:

- Agile leadership tools: How agile can and do I want to act?
- Reflection on one's own leadership style: Is there a need for change and what can it look like?
- Best practice examples: shaping an agile environment in the team
- Strengthening personal responsibility and defining fields of action
- The team as moderator and mentor

Your benefit and conclusion:

- Become an agile leader
- Advantages and disadvantages of agile leadership
- What are the individual challenges?
